Fleet & services

Our fleet

The Eurowings fleet consists of aircraft from the Airbus family:

- A319
- A320 & A320neo
- A321 & A321neo

For more information about our fleet, please visit our [Eurowings homepage](#)

Our airline partners

Why do we use airline partners?

In order to compensate particularly high demand weeks and months during the peak season and to bring our passengers to their desired destination, we use additional aircraft from our airline partners airBaltic, Avion Express Malta and Smartwings at selected locations. Even if the product differs slightly from our usual standard on-board product in some cases, this still allows us to offer many destinations in our flight program. At the same time, safety remains our top priority: All airline partners are selected according to the highest quality and safety standards of the Lufthansa Group and the aircraft are maintained accordingly.

- A220-300 (airBaltic wet-lease)
- A320 (Avion Express Malta wet-lease)
- B737 – 800 (Smartwings)

You can find more details about our airline partners on the [Eurowings homepage](#)

Privileges for status customers

Miles & More status members enjoy many benefits with Eurowings, e.g. priority check-in, executive bonus and lounge access (depending on fare and destination).

Corporate Customer Program: EW4Business

EW4Business corporate discounts are available via all common GDS distribution channels (e.g. Amadeus, Galileo, Sabre, Worldspan, Apollo, Infini).

To participate, it must be noted that only corporate customers who are serviced by Lufthansa under a CIP/global contract are eligible to receive a corporate discount in the GDS.

Our offer for small and medium-sized enterprises and corporations:

	Short and medium-haul
Minimum annual turnover	From 2,000 Euro
Corporate discount	From 2% on EW fare ¹ , Available on the following booking classes: G,S,W,Q,H,M,B,Y,D; Additional services are excluded from the discount
Rebooking and rerouting	Free of charge, additional fare differences may apply
Further conditions	According to LHG booking guidelines (Branded Fare Classic)
EW flight network	NON-Stop <u>and</u> Connecting Flights

¹ EW4Business in GDS can be combined with LHG flights. Discount is valid only on Eurowings flights itself or by an operating airline on behalf of Eurowings.

Flying more sustainably: The Eurowings Sustainable Corporate Value Fare

The Eurowings Sustainable Corporate Value Fare is available via all common GDS distribution channels (e.g. Amadeus, Galileo, Sabre, Worldspan, Apollo, Infini).

Please note that only corporate customers who are serviced by Lufthansa within the framework of a Lufthansa Progress contract (CIP/global contract) or who have an existing PartnerPlusBenefit contract can be activated for the tariff by their Lufthansa contact person.

Desired Fare Booking class	SMART ENXTLGSWQHMBYI	BIZClass D J
Product components	The product components vary depending on the chosen tariff: SMART or BIZClass	
Sustainability	Use of sustainable aviation fuels SAF (20% reduction in flight-related CO ₂ emissions) and a contribution to high-quality climate-protection projects (80% offsetting of the flight-related CO ₂ emissions)	
Your certification	Sustainability report and certificate issued on request from your Lufthansa Group contact person	
Booking changes	Free of charge, additional fare differences may apply	
Cancellation	Cancellation of the fare is not possible. For all further information, please refer to the Lufthansa Group Classic Fare conditions.	
Fare combination	Cannot be combined with Lufthansa Group Corporate Value Fares, Lufthansa Group Sustainable Corporate Value Fare, EW4Business conditions and public fares	

Booking changes & refunds

Modification of bookings

The Eurowings fare system has differing fare basis codes (FBC):

- **NN** (V-fares only) = non-refundable, non-changeable (FBC, e.g. VNNWGRDE)
- **NC** = non-refundable, changeable (FBC, e.g. BNCWGDE)
- **NF** = non-refundable, flexible (FBC, e.g. NNFCCO)
- **FLEX** = refundable, changeable, (FBC, e.g. IFLEX)

NN (solely V-fares) are non-changeable, only available as a return fare and combinations are only possible with another V-fare. All other fares are changeable in accordance with fare rules.

Booking changes to a desired new flight are always possible up to the check-in deadline (taking into account the fare rules; information on check-in times can be found on the [Eurowings website](#)). If a flexible fare booking is not changed by 11.59 p.m. on the originally scheduled day of departure, a separate charge will apply.

After a booking change, a ticket reissue is always necessary.

Important: A prior check-out is always necessary when performing booking changes. This can be done via the Eurowings call center or the Eurowings homepage.

Rerouting is not permitted (exception for EW4Business participation). In the event of an IRREG and a related rerouting, please contact the Eurowings call center.

Refunds are always possible for Flex fares (class I for SMART and J for BIZclass). If the refund is made by 11:59 p.m. on the originally scheduled departure date, the refund is free of charge. If the refund is made later, a fee will be charged according to the fare notes.

Seat reservations

Reservation of a seat:

- A generic seat request can be used. This request is confirmed and updated with the actual seat.
- A seat map is available in Amadeus only.
- Please check whether the desired seat is available and book it accordingly.
- The reserved seat can be changed free of charge afterwards or from 72 hours before departure during web check-in.

Special service request (SSR) notification:

Please note that the SSR notification (SSR OTHS 1A PLEASE UPDATE TO SYNCHRONIZE PNR) is purely for information and no further action is required.

Baggage booking & other extras

SSRs available in GDS:

- **PRM SSRs for passengers with reduced mobility (free of charge)**
DEAF, WCHC, WCHR, WCHS, WCMP, WCBD – when booking SSR codes WCMP as well as WCBD, after booking an e-mail must be sent to assistance@eurowings.com with information on wheelchairs, providing the booking details (file key, names).
- **Requests and registration of passengers with disabilities**
In the course of diversity and inclusion in our society, travel for guests with physical and mental impairments is increasing more and more. Eurowings has always supported and prioritized requests and suggestions from this group of people. For faster communication between you in the travel agency and the Eurowings specialist departments as well as Eurowings reservations, we kindly ask you to include the guests' existing flight details with their full names in every request. Please direct inquiries and registrations on all topics related to "Accessible Travel" to assistance@eurowings.com.

Non-available SSRs:

The SSRs XBAG, BLND, UMNR and WEAP are not bookable via GDS. These can be booked and paid via our call center as well as at Eurowings airport sales counters, depending on availability.

Check-in for direct & non-direct connections

Important to know:

- For both direct and connecting flights, passengers must always check in with the first operating carrier (1st segment).
- Online and mobile check-in is possible at Eurowings from 72 hours before the scheduled Eurowings departure.
- For online and mobile check-in, Eurowings recommends the more restrictive check-in period, e.g. when transferring from Eurowings to Lufthansa, 23 hours before the scheduled Lufthansa departure apply to ensure check-through.

All relevant information on check-in options as well as check-in times that passengers should take into account can be found on the [Eurowings homepage](#)

Combined flights

Combined flights have always to be booked via a GDS ticketed channel. This option is not available ticketless.
